33         <p> This class is designed to give you experience in a number of the
... online tools available to journalists today. I've created links to examples

34         <p>One other element I've added to the CSS of this page is
... responsiveness. Instead of using absolute values for DIV sizes and even
... image sizes, I've used percentages. </p>
35         <p> I've also added a <a href="http://twitter.com"> Twitter

... </p>
46         <ol> <!-- OLs get numbers -->
47             <li><em>The students</em>: They are so innovative and willing to
... work hard to learn journalism the right way. </li>
48             <li><em>The campus</em>: The red brick and the green trees and
... grass makes for one beautiful learning atmosphere. </li>
49             <li><em>The faculty</em>: I have amazing colleagues who support
... my research and teaching efforts and help make me a better professor. </li>
50             <li><em>Court Street</em>: I don't drink, but a guy's gotta eat,
... amirite? </li>
51             <li><em>Sports</em>: I've always been a huge sports fan, and
... it's nice to be be able to go to games without fighting huge traffic jams or
... paying a million dollars for a seat. </li>
